

Dynamic and fun learning

TravelMate B3 & Spin B3 B311R(A) & B311RN(A)

The TravelMate B3 and Spin B3 have a host of compelling features to help students go that extra mile and enjoy more interactive learning. These notebooks are perfect for hybrid and in-school learning. With the optional 4G LTE connectivity, students stay in touch with their projects at all times, while the optional antimicrobial protection (TravelMate Spin B3) keeps the most used clean.

4G LTE

Ideal for the classroom and beyond

With the latest Intel® processors, students can tackle school tasks quickly and have plenty of battery to spare for extra projects or fun, thanks to up to 12 hours¹ of battery life. When Wi-Fi is not within the range, there is 4G LTE connectivity (optional) to give students access to their project or lessons at all times. The TravelMate Spin B3 also comes equipped with Antimicrobial Corning® Gorilla® Glass^{3,4} and with optional silver-ion antimicrobial coating on the keyboard, touchpad, and palm-rest. As a result, there is a reduction of bacteria on the surfaces, and the devices stay cleaner for longer. To protect students' privacy, there is also a physical camera shutter.

Inherent sturdiness

Both laptops comply with Military Standard (MIL-STD 810H)², and their impact resistant body can survive the most common mishaps. It withstands up to 60kg of downward force, and the shock-absorbent bumper and spill-resistant keyboard protect internal components. Keys are mechanically anchored, so they stay in place; however, the keyboard is easy to replace.

Learning with fun and flexibility

While the TravelMate B3 features a clamshell design with a 180-degree opening, the TravelMate Spin B3 is a convertible laptop. With the optional additions of the dockable Wacom AES pen and the 5 Megapixel HDR world-facing camera, TravelMate Spin B3 further boost collaboration and flexibility in learning. The front-cover battery level indicator allows you to tell when the laptop is running out of charge quickly.

Premium Service Pack

The devices can benefit from Premium Service Pack⁵, the Acer Care Plus extended service plan designed to protect your investment and to ensure your machine gets the care it requires. It includes several benefits such as a 3- or 4-years warranty extension, equipment protection (fixed fee repair) and priority repair.

Fundamentals

- Windows 10 Pro
- Windows 10 Home (Acer recommends Windows 10 Pro)
- Up to Intel® Pentium® Silver Processor

Collaboration

- Front (F)HDR webcam with camera shutter
- Wide Field of View Webcam (World and Front Facing Camera)
- 2nd 5MP world facing camera [optional on TMB311R(A)-32 /TMB311RN(A)-32]

Display

- HD display or (Full) HD touch display with Wacom AES 1.0 Protocol [optional on TMB311R(A)-32 /TMB311RN(A)-32]
- 11.6" HD display [TMB311-32]

Design

- MIL-STD 810H Compliant²
- Spill-resistant keyboard
- Mechanically anchored keys
- Moisture Resistant Touchpad
- Easy Fix Keyboard
- Antimicrobial coating [TMB311R(A)-32/TMB311RN(A)-32]^{3,4}
- Dockable Wacom AES Pen [optional on TMB311RN(A)-32]
- Certified to meet ASTM F963-16 Toy Safety Standard for children over 3 years old

Battery life

- Up to 12 hours¹

Connectivity

- 1 x Full Functions USB3.2 Gen 1 Type-C Connector
- WiFi 6
- 2X2 MU-MIMO
- Bluetooth® 5.0
- Optional 4G LTE

Specifications vary depending on model for storage, processor, RAM.

1. Battery life varies depending on product model, configuration, power settings and usage, among other factors. - 2. Sand and Dust testing based on MIL-STD 810F.

3. All antimicrobial solutions, including Antimicrobial Corning® Gorilla® Glass, do not protect or provide users any direct or implied health benefits.

4. Antimicrobial solution is optional and may vary depending on model and/or region. - 5. EduCare services and extended service plans might vary from country to country.
