WHY ACER FOR EDUCATION

Our mission is to bring next-generation technologies to schools and universities, enabling educators to create learning environments where students and teachers can connect, collaborate, and engage from anywhere.

1

Designed with Education in mind

Rugged, secure, easy to deploy, and ready to create the most effective educational environment: that's how we design our devices, and that's only the beginning. Our tailored portfolio - from laptops to desktops, from monitors to projectors - covers any learning need and is matched with best-in-class service. With our products, teachers can unlock their students' potential.

2

Reliable Partnerships

Close collaboration with our Certified Channel and Alliance partners is critical for addressing the needs of the Education market. We empower our partners with dedicated access to technical support and resources so they can deliver tailored solutions to schools and universities. Also, with our long-term partnership with the European Schoolnet and the Future Classroom Lab project, we help bring innovation in teaching and learning to schools.

3

Future-proof solutions

We are committed to providing engaging learning practices with future-proof technologies, enabling immersive and inclusive experiences - offering an alternative approach for soft skills development and STEM studies.

4

Premium Services

Acer Care Plus offers a comprehensive set of services that extends the life of devices, enabling schools to maximise the return on their investment. Acer Smart Financing's monthly subscription-based model eliminates upfront costs for Acer equipment, accessories, software, services, and warranties.

5

Eco-friendly touch

The eco-conscious design of our products reflects the company's commitment to sustainability. We prioritize the use of Post-Consumer Recycled (PCR) plastic in the chassis, along with the adoption of Ocean Bound Plastic in the touchpad and the 100% recyclable packaging, made with minimal and environmental-friendly materials.

OUR COMMITMENT TO THE ENVIRONMENT

Earthion is Acer's mission to tackle our generation's environmental challenges through innovative and integrated solutions and engineer a better tomorrow. Our devices are designed with sustainable materials to reduce the environmental impact from start to finish. We do care about product design with green innovation, while reducing our carbon footprint by using renewable energy and eco-friendly packaging.

Saving the planet isn't easy - but together - it's possible.

45%

WINDOWS CLASSROOM

Our devices running Microsoft's education solutions are designed to unlock students' full potential. With tools for easy management and individual student support, teachers can create engaging learning environments.

MICROSOFT 365 LEARNING ACCELERATORS

Learning Accelerators are tools created to help students develop critical skills. Seamlessly included in Microsoft 365 for Education, Learning Accelerators allow educators to give students more opportunities to learn, practice, and receive targeted coaching in a secure and inclusive environment.

THERE ARE TWO TYPES OF LEARNING ACCELERATORS, ALL FOUND IN MICROSOFT TEAMS FOR EDUCATION:

Coach tools

provide real-time coaching and support for individual and self-directed learning.

Progress tools

offer teacher-first solutions to help personalize assignments, manage feedback, and track students' progress through actionable insights.

EXPLORING THE TOOLS

1. Reading Coach (and Reading Progress)

Reading Coach helps students practice reading with live guidance through pronunciation, syllabification, reading speed, and vocabulary recall. Students with learning differences and difficulties can develop their reading fluency thanks to individualized tutoring.

Reading Progress streamlines the reading assignment creation, review, and analysis process - freeing up more teaching time for active instruction.

2. Reflect

Microsoft Reflect helps students identify and express their emotions safely and in a fun way. Thanks to the Feelings Monster, they will find the right words to describe their feelings, and teachers can provide active support when needed.

3. Speaker Coach

Presentation and public speaking skills are essential for today's students - both in the classroom and for their future careers. Through real-time coaching, Speaker Coach helps evaluate key points of students' public speaking performance and provides personalised feedback on areas such as filler words, repetition, and reading from the screen without the stress of a real audience.

4. Search Coach

In a world flooded with information, it is crucial for students to identify trusted resources and learn to think critically. Search Coach is a Learning Accelerator designed to provide context and guidance for students to ask effective questions when searching the web. What's more, Search Coach shows learners how to form efficient search queries by revealing patterns and guiding them away from unreliable information.

5. Education Insights

Education Insights collects data and provides insights on individual students, classrooms, or even entire schools. This powerful tool offers a clearer picture of student activity, helping teachers identify trends, adjust strategies, improve teaching, keep track of progress and assignment turn-in, and much more.

Furthermore, school leaders get to see the bigger picture so that they can make effective decisions school-wide.

INTUNE FOR EDUCATION

SIMPLIFY DEVICE AND APP MANAGEMENT

Microsoft Intune for Education is a cloud-based mobile device management (MDM) service for schools. In just a few simple steps, quickly deploy apps to users and apply device settings to create a great classroom experience. With simplified devices and app management, teachers can focus on teaching while students have more ways to learn and collaborate for a great classroom experience.

KEY FEATURES

Simplified management
Easy app deployment

Personalized experiences
Safe and secure classrooms

WINDOWS AUTOPILOT

EXPERIENCE MODERN DEPLOYMENT

With Windows Autopilot, you can quickly transform a new device into a classroom-ready state or reset existing devices to remove apps, settings, and personal files without physically touching the device.

Upon arrival, the brand-new Acer devices are ready to be deployed!

From Intune for Education, designated devices can be updated all at once and not individually.

KEY FEATURES

Easy deployment at scale

You can provision devices with school-specific configurations and applications via the cloud and Intune for Education. Students can start using new devices without a teacher or IT administrator having to touch a device.

Self-deployment mode

Windows Autopilot supports a self-deploying mode that allows a student to connect a device directly to the network via ethernet without prompting for user authentication or login.

Easy large-scale remote reset

Use Intune for Education to remotely reset a group of devices and have them start syncing your latest apps and settings in about an hour.

TravelMate P2

STYLE MEETS PRACTICALITY

With a combination of increased processing power, portability and durability, TravelMate P2 is the best choice as study companion. Two open memory slots make the device easily upgradable, enabling schools to add memory, while the new optional touchscreen makes navigation easier and more convenient.

For Students

- Windows 11 Pro • Intel® Core™ i or AMD Ryzen Processor • Up to 9 hours* battery life • 14" or 15.6" or 16" Full HD display
- Front camera with Full HD resolution (optional) • UMA or NVIDIA® MX330 discrete graphics • HDD + SSD dual storage
- Up to 64GB DDR4 memory • Full function Type-C port • Acer Type-C Dock compatible • Wi-Fi 6E
- Starting weight 1.6kg < 20mm thin • Built-in Camera Shutter • 4G LTE (optional)

TravelMate P4 Spin 14 P414RN(A)

TAKING TEACHING TO THE NEXT LEVEL

A master in flexibility, the convertible TravelMate Spin P4 matches up to to 9.5-hour battery life with the latest Processor to let you power through an entire school day. What's more, with its aluminum-magnesium body and 16:10 WUXGA IPS anti-glare display with thin bezel, this is the perfect lightweight device to get things done.

For Teachers

- Windows 11 Pro • Latest Intel® Core™ i or AMD Ryzen Processor • Up to Wi-Fi 6E • Up to 9.5 per hours* of battery life
- 14" WUXGA touch display with IPS wide angle view • Optional LTE support • Metal chassis for superior durability • Fingerprint login
- USB4® 40Gbps, Type-C™ (Thunderbolt™ 4) • Built-in Camera Shutter • Smart card option • Optimized for Teams

Specifications vary depending on the model and configuration.

Aspire 3 Spin 14 A3SP14-31PT

INNOVATIVE PERFORMANCE

Not all mobile computers are created equal. The Aspire 3 Spin 14 convertible notebook with its dockable Wacom AES pen is perfect to unleash students' creativity and give them the power to get more done.

For Teachers

- Windows 11 Home (Acer recommends Windows 11 Pro for business) • Up to Intel® Core™ i3-N305 Processors • Up to 12 hours of battery life with fast charge functionality • 14" WUXGA IPS touch display, 16:10 screen ratio • Wacom AES pen • Bottom cover with 30% recycled plastic • Fingerprint reader • Wi-Fi 6

Extensa 15 EX215-34

EXTENSION TO SUCCESS

Designed for everyday users, the Acer Extensa 15 features superior functionality and a full range of essential business features. You'll stay productive and work comfortably with its numeric keypad and long battery life.

For Teachers

- Windows 11 Pro • Intel® Core™ i3-N305 Processor • 15.6" Full HD display • Front HD camera • PurifiedVoice with AI Noise Reduction • Up to 16GB DDR5 memory • Numeric keyboard • Full function Type-C port • Wi-Fi 6

Specifications vary depending on the model and configuration.

BUILT FOR LEARNING

With Acer Chromebooks, educators can deepen classroom connections and foster more meaningful learning experiences.

[Collaborate]

Learn from anywhere

Students can access their apps, settings, and more from any device.

Prepare students for the future with collaborative projects that sharpen digital skills.

Discover and share new apps using the Chromebook App Hub.

[Easy to use]

Deploy and manage simply

Easy to distribute 1 or 100 devices using the Chrome partner ecosystem.

Simple to manage thousands of devices and set 200+ policies and commands.

Add users, devices, printers, and internet from central Google Admin Console.

[Flexible]

Accessible for all learners

Centrally manage hundreds of thousands of devices from the Admin Console.

Versatile form factors to suit different budgets and needs.

Shareable devices can be used across multiple classrooms and students.

[Secure]

Get the latest security updates

Background updates install the latest security and features every 6 weeks.

Two versions of ChromeOS on every device.

Sandboxing of identities, user profiles, and OS itself.

Layers of data encryption and verified security checks on boot up.

Easy to use, and easy on the planet

Acer Chromebooks are made for students and teachers who make an all-around effort to be more sustainable every day. Their durable design and components help them last longer, minimizing resource consumption and e-waste.

Enhanced efficiency,

less energy usage and more digital well-being.

Environmentally friendly options

provided by cloud-based productivity tools.

Educate and enable sustainable practices

by choosing eco-friendly resources.

Elevate flexibility

with Google Classroom, Meet, Docs, Forms, Sheets and Slides.

AI SOLUTIONS BUILT FOR EDUCATION

In education, AI can be used to do helpful things like make learning experiences more personal, provide immediate feedback, improve accessibility, enhance digital security, give educators precious time back and so much more. When using Google Workspace for Education and Chromebooks, organizations have control over their data and assurance that it will never be used to train models outside of their domain without permission.

Elevating the educator

AI can help give educators time back to invest in themselves and their students, while supercharging their creativity and productivity.

More interactivity

Interactive questions for YouTube videos in Classroom will help deliver engaging video lessons with automatically suggested questions that guide deeper learning.

More productivity

Duet AI is a powerful collaboration partner that can also provide creative inspiration – from helping with presentations to writing emails to generating slide images.

More security

With AI-powered detection and remediation, **Google Workspace for Education** blocks over 99.9% of spam, phishing attempts, and malware. With features like Verified Boot to block threats, there have been no reported ransomware attacks ever on any **ChromeOS** device.

Making learning more personal for students

AI can help meet students where they are, with adaptive tools that help them expand their knowledge and deepen their understanding of the world.

More supportive

Practice sets in Google Classroom enable educators to automatically provide their students with real-time feedback and helpful in-the-moment hints if they get stuck.

More accessible

AI built into **Chromebooks** provides advanced text-to-speech, dictation, and live and closed captions. **Google Meet** uses AI for automatic transcription, noise cancellation, and captions.

More adaptive

The Read Along integration with Classroom uses advanced text-to-speech and the power of your voice to help build reading skills at a personal pace.

HELP EVERY STUDENT THRIVE

ACCESSIBILITY

Google for Education offers built-in accessibility tools that can help all students learn and access information in their own unique way.

Make accessibility easy

Help all students achieve their full potential by supporting diverse learning needs in your classroom. Allow students to be successful anywhere with intuitive accessibility settings that follow them on any device.

Enrich learning for all

Personalize learning experiences and connect individually with each student. By broadening the learning environment, you can enable all students to effortlessly collaborate and participate fully in classroom activities.

Celebrate diversity with inclusivity

Empower each student with access to their own accessibility settings, helping to create a customized learning environment that complements their strengths and minimizes their challenges.

CHROME EDUCATION UPGRADE

UNLOCK THE CAPABILITIES OF CHROME OS

Chrome Education Upgrade empowers IT to create educational environments with enhanced management, security, and support capabilities where teachers and learners can thrive.

Powerful access control

Put admins in control of what users can access - from any device.

Simplified deployment

Manage, lock down, and secure devices, all from the cloud-based Google Admin console.

Advanced security

Ensure every device is secure whether they're owned by a student or the school and connect private devices to your network.

24/7 IT admin support at no additional cost

Take advantage of ChromeOS troubleshooting assistance. Call Google at any time if an issue comes up at no additional cost.

ZERO-TOUCH ENROLLMENT

With zero-touch enrollment, ChromeOS devices will automatically enroll into a school's domain as soon as the end-user connects to the internet.

Really ready out of the box

Once an end-user receives the device, all they need to do is get online, log in, and they're ready to go.

No need for manual configuration

Zero-touch enrollment ensures that ChromeOS devices are registered to enroll automatically once in the hand of end-users. This eliminates manual device enrollment by the IT department or end-users.

Built with security in mind

Hardware-backed attestation secures each device's identity and prevents attackers from spoofing devices.

Chromebook Vero 712 CV872(T)

SUSTAINABLE LEARNING

The Chromebook Vero 712 comes with a 3:2 aspect ratio, so teachers can see and do more, while the TÜV Rheinland Low Blue Light (Hardware Solution) certification ensures their eyes are protected. Featuring up to Intel® Core™ i3 U-Series Processor, this Chromebook enables to handle tasks such as programming faster than ever before.

For Teachers

- 12” IPS HD+ display with 3:2 aspect ratio • Up to Intel® Core™ i3 U-Series Processor • Up to 10 hours of battery life • Wi-Fi 6E
- 2 Full Function USB 3.2 Gen 2 Type-C • Camera shutter • Keyboard with mechanically anchored keys • Moisture resistant touchpad • Spill-resistant keyboard • TÜV Rheinland Low Blue Light (Hardware Solution) certification • OceanGlass Touchpad

Chromebook Vero 514 CBV514-1H(T)

UNCOMPROMISED SUSTAINABILITY

The Acer Chromebook Vero 514 is packed with performance and features. Not only does it feature built-to-last rugged durability and up to 12th Gen Intel® Core™ i7 Processor, but it also embraces the spirit of sustainability by integrating 30% PCR plastics and OceanGlass™ touchpad into its design.

For Teachers

- Up to Intel® Core™ i7 (12th Gen) • Wi-Fi 6E • Up to 10 hours of battery life • 14” Full-HD IPS display • Optional touchscreen
- Full-HD webcam • Fingerprint reader • 30% PCR plastic in chassis, 50% in keycaps • OceanGlass™ touchpad
- 99% recyclable display panel • EPEAT Gold compliant

Specifications vary depending on the model and configuration.

SPATIALLABS™

SpatialLabs™ is the new suite of experiences created through the combination of an eye-tracking solution, a stereoscopic 3D display and real-time rendering technologies. Modern learners & creators are able to interact with 3D models and to review their creations in real-time, enhancing the design workflow.

SPATIALLABS™ EXPERIENCE CENTER PRO

Craft, adapt, showcase: the power of **SpatialLabs™** Stereoscopic 3D

Integrated with leading rendering engines Unreal and Unity, the SpatialLabs™ Pro devices enable creators to showcase content in true 3D brilliance, while eliminating the need for glasses. The add-ons for third party software like Autodesk, Rhinoceros®, Cura, Blender and Sketchfab, help you accelerate your workflows.

Aspire 3D 15 SpatialLabs™ Edition

NEW

DIVE INTO THE DEPTHS OF IMMERSIVE 3D

Unlock a new dimension of immersion with the Aspire 3D 15 SpatialLabs Edition. See your 3D projects come to life in real-time for an experience that truly stands out.

- Windows 11 Home & Pro • Intel® Core™ i7 Processor
- NVIDIA® GeForce RTX™ 4050 • 15.6" 4K UHD display • Up to 380 nits
- Eye Tracking sensor • 100% Adobe RGB wide color gamut
- Up to 2TB SSD storage • Up to 32GB DDR5 memory • Wi-Fi 6
- Acer PurifiedView™ • TwinAir cooling

Acer SpatialLabs™ View Pro 27"

NEW

A REVOLUTIONARY DIMENSION IN IMMERSIVE VISION

The Acer SpatialLabs View Pro 27 is a canvas for creators and developers, turning ideas into vivid 3D worlds, glasses-free. With SpatialLabs technology, designs leap out with clarity. Every detail stands out, bringing concepts closer to reality.

- 27" 4K UHD display • 400 nits • Eye tracking sensor • Color gamut Delta E<2
- Tilttable Ergo stand design • 2.5W x2 speaker • AI-driven Acer Immerse Audio
- VESA support • Detachable hood

COMPUTER LAB

Offering devices with more computing power and bigger screens, computer labs are spaces where students can take learning into their own hands and make something original from their own knowledge and expertise.

Altos P Workstation series

TAKING PROCESSING TO NEW HEIGHTS

Equipped with 14th Generation Intel® Core™ Processors, Altos P series offers extreme compute power to handle heavy workloads with higher efficiency. Ideal for users demanding long-term usage, performance focusing, and flexible expansions.

- Windows 11 Pro 64-bit • Up to 14th Gen Intel® Core™ vPro Processor • Up to NVIDIA® Quadro RTX • Multiple PCIe Gen4 expansion slots • Up to 128 GB DDR5 • Dual LAN: 2.5G Ethernet + Gigabit Ethernet • Wi-Fi 6E

Veriton 4000 Mid Tower

ACCELERATED PERFORMANCE FOR CHALLENGING TASKS

The Veriton 4000 Mid Tower brings to the lab the performance students need to explore new ideas. Advanced graphics and processing power deliver accelerated speeds no matter what you need do. IT admin will appreciate this machine' easy manageability, security and expandability.

- Windows 11 Pro 64-bit • Up to 14th Gen Intel® Core™ i9 Processor • Up to NVIDIA® GeForce® GTX 1660 SUPER™ • Up to 2TB HDD • Up to 1TB SSD • Up to 128 GB of Dual-channel DDR5 • Wi-Fi 6E, 802.11ax/ac/a/b/g/n • Up to 4 screen support • Kensington lock slot • 20L Form Factor

Veriton 4000 Compact Tower

FULL POWER IN A SPACE-SAVING DESIGN

This space-saving desktop offers increased reliability, easy manageability and a longer lifespan thanks to its expandability options. The perfect addition to any school lab, the Veriton 4000 Compact tower delivers the performance students need to tackle demanding tasks.

- Windows 11 Pro 64-bit • Up to 14th Gen Intel® Core™ i9 Processor • Up to Up to NVIDIA® GeForce GT 730 • Up to 2TB HDD • Up to 1TB SSD • Up to 128 GB of Dual-channel DDR5 • Wi-Fi 6E, 802.11ax/ac/a/b/g/n • Up to 4 screen support • Kensington lock slot • 10L Form Factor

Specifications vary depending on the model and configuration.

Veriton Vero Mini

MAKE YOUR GREEN MARK

Packing a 13th Gen Intel® Core™ Processor and up to 64GB of DDR4 memory in a tiny chassis made from recycled plastics, the Veriton Vero Mini PC provides optimized performance while being eco-minded. You can attach it to the back of a monitor for an uncluttered and minimalist space. Security and manageability features and plenty of ports for multiple connectivity options make this desktop a versatile solution for any school.

- Windows 11 Pro 64-bit (Acer recommends Windows 11 Pro for business) • Windows 11 Home 64-bit
- 14th Gen Intel® Core™ Processor up to i9 • Up to 2TB HDD • Up to 1TB SSD • Up to 64 GB of Dual-channel DDR5
- EPEAT Gold (not available on all SKUs) • TCO 9 certified • Wi-Fi 6E, 802.11ax/a/b/g/n/ac

Chromebox CX15

COMPACT & POWERFUL

The Chromebox CX15 comes with even more performance and features. With up to a 12th Gen Intel® Core™ i7 Processor, it delivers the performance needed to better deal with everyday tasks. It supports up to 4 displays, and with a VESA mount kit, you can put this Chromebox just about anywhere.

Google for Education

- ChromeOS • 12th Gen Intel® Core™ Processor • Up to 16 GB of Dual-channel DDR4 memory • 256 GB SSD • Up to 128 GB eMMC
- Wi-Fi 6E with MU-MIMO • Up to RJ45 2.5G Gigabit Ethernet (2.5GbE) port • Full Functions USB 4 Gen 3 Type-C Connector
- Google Play Store • Optional VESA mounting kit

Specifications vary depending on the model and configuration.

Vero V7 series

DESIGNED FOR ALL-DAY COMFORT

With a wide range of configurations and models from 21.5” to 28”, each featuring a tiltable design and ZeroFrame, the Vero V7 monitor series ensures all-day comfort. On top of delivering stunning images and high-end connectivity, they let you simultaneously power your desktop PC and monitor.

- From FHD to 4K • 21.5”, 23.8”, 24”, 27”, 28” • 178 Wide viewing angle • Acer Display Widget-simplifies monitor tweaking
- 6-axis color adjustment • sRGB 99% • Tiltable robust stand design • 2Wx2 speaker • 35% PCR & 100% recyclable packaging

Vero B7 series

HIGH RELIABILITY WITH OUTSTANDING PERFORMANCE

Showing more of what matters most with a near bezel-less display, the Vero B7 series meets all your school needs. With its robustly-designed stand and wide range of colour-enhancing technologies, this series is perfect for students who spend long hours in front of a monitor.

- From FHD to 4K UHD • 21.5”, 23.8”, 24”, 27”, 28” • Acer Display Widget-simplifies monitor tweaking • 90% DCI-P3 wide color gamut
- Acer ColorPlusä & Acer VisionCare technology • Robust stand design with strong stability • ErgoStand-Tilt, swivel and height adjust with flexibility • Built-in webcam • USB Type-C port • Up to 85% PCR, 5% OBP & 100% recyclable packaging

CB2 series

OUTSTANDING FROM ANY VIEWPOINT

Designed to display incredible images and colours with HDR-ready capability, CB2 series monitors let students enjoy a seamless visual experience thanks to their truly zero-frame design. The ergonomically designed stand, and eye-protecting technologies ensure comfortable use for extended lengths of time.

- Up to IPS WQHD resolution (3840x1600) • 23.8”, 27”, 28”, 29”, 31.5”, 34” • AMD® FreeSync™ • Acer HDR-ready • 1ms Visual Response Boost™ (VRB) • Acer Display Widget-simplifies monitor tweaking • RJ45 port (optional) • Ergonomically-designed stand with pivot, tilt, swivel and height adjustment

Specifications vary depending on the model and configuration.

Veriton 2000 All-in-one

EXPANDED VIEWS FOR BETTER COLLABORATION

With thin bezels that let you see even more of the screen and viewing angles of 178°, the Veriton 2000 All-In-One gives students more space for working and enables better collaboration. The 12th Gen Intel® Core™ i5 Processor provides plenty of power for any task. Acer Flickerless™ and Acer BlueLightShield™ technology protect students' eyes when spending long hours looking at screens.

- Windows 11 Pro 64-bit (Acer recommends Windows 11 Pro for business) • Windows 11 Home 64-bit
- Up to 12th gen Intel® Core™ i5 Processor • Up to 64 GB of Dual-channel DDR4 memory • Up to 2TB HDD • Up to 1TB SSD
- 22" or 24" Full HD IPS display • Wi-Fi 6/E, 802.11ax/ac/a/b/g/n • 5 MP webcam with privacy shutter

Add-in-one 24

MODULAR & EASY-TO-USE AIO

The Acer Add-In-One 24 is the Acer Chromebox CX15 that plugs into the back of a docking monitor to offer an experience similar to that of an all-in-one. To upgrade the device, you just need to swap in the latest Chromebox. Meanwhile, students can enjoy the 23.8" Full HD IPS narrow bezel display that can be tilted for easier viewing and the wide-angle webcam with a built-in camera shutter for better collaboration and privacy.

Google for Education

- ChromeOS • 12th Gen Intel® Core™ Processor • Up to 16 GB of Dual-channel DDR4 memory • 256 GB SSD • Up to 128 GB eMMC

PROJECTION TECHNOLOGY

Bringing advanced projection technology into classrooms allows teachers to inspire students and enhance the learning process with activities that develop creative thinking and foster collaboration.

Acer projectors combine brilliant displays, high resolutions and colour-enhancing features to deliver crystal-clear visuals, exceptional brightness and contrast ratio, and super-wide throw ratios, allowing more students to work collaboratively at the projection screen or wall.

OUR PORTFOLIO

Vero PL2 series

Vero XL2 series

Vero PD2 series

UL series

S1 series

Acer Smart Touch Kit II

Vero PL2 & Vero XL2 series

MAKING LESSONS MORE LIVELY

Power-saving green design laser projectors, the PL2 and XL2 series will make any lessons more exciting. With high brightness, they project crystal clear, vibrant images even in well-lit classrooms, while the extra-long Laser diode life span ensures virtually maintenance-free operation.

- Up to 1080p resolution (PL2520i) • Up to 4000 lumens brightness (PL2520i)
- 20000hr lifespan • Wide Color Gamut (93% Rec. 709) • 15W built-in speaker
- 360° Projection • 24/7 operation • Portrait mode • 50% PCR plastic in the chassis

Vero PD2 series

PROJECTING THE FUTURE

The Acer PD2 projector series combines high efficiency with an eco-friendly design. They present content with a clearer and sharper edge to bring presentations to life and keep lessons focused. They also come with BlueLight Shield that mitigates the negative effects of blue light exposure.

- Up to 1080p resolution (PD2527i) • Up to 3200 lumens brightness (PD2327W) • 20000hr lifespan • 120% Rec. 709 Wide color gamut (PD2527i) • Up to 10W built-in speaker • Acer Blue Light Shield • 50% PCR plastic in the chassis

Vero UL series

PERFECT FOR TEACHING AND LEARNING

The Acer UL series projectors with ultra-short-throw technology can project a 120" image in a breathtakingly crisp Full HD resolution from just 31 cm, making it ideal for maximum impact and engaging education activities.

- Ultra-short-throw technology • WUXGA resolution (1920x1200) • Up to 4,500 lumens • 3D Content Display Ready
- Laser diode 20000hrs lifespan • 10Wx2 built-in speaker • 360° Projection & Digital Zoom & Image Shift
- Crestron® network control for easy management

Specifications vary depending on the model and configuration.

S1 series

SHORT-THROW VERSATILITY

Acer S1 projectors offer short-throw versatility, network control and wireless projection, greatly enhancing usability. With a flexible setup, power management solutions and up to 10,000 hours of lamp life, they are ideal tools for the classroom.

- Short-throw projection • WXGA or XGA resolution • Up to 3,600 lumens • Up to 10,000 hours lamp life in ExtremeEco mode
- 16W built-in speaker • Crestron Network Control • USB Display (PC & Mobile) • Lan Projection • Multimedia Playback

Acer Smart Touch Kit II

A FUN LEARNING ENVIRONMENT

Acer Smart Touch Kit II is an ideal solution that transforms any classroom into a truly interactive world. It turns any flat surfaces into an interactive and collaborative workspace supporting multi-touch and multi-user interactions.

Easy to set up and calibrate, this solution only requires a projector, a notebook and a screen to work, and comes complete with a user-friendly interactive whiteboard software that allows both teachers and students to enjoy a truly interactive classroom.

- Portable, reliable, easy-to-install • Turn any flat surface into an interactive whiteboard • Easy red light calibration • Finger-touch supported • Any opaque object can be used as a pen • High pointing accuracy • Automatic calibration within 5 seconds
- Multi-touch (multi-user) support: up to 10 points touch • Windows 10 compatible • Cost saving solution, comparing to traditional interactive whiteboards

ESPORTS IN EDUCATION

Esports can make a difference in education by transforming learning environments with powerful, innovative solutions poised to revolutionize education through immersive learning, creativity and collaboration.

LEVEL UP YOUR CLASSROOM

Esports is an inclusive way to empower students to learn STEM and soft skills with lots of fun!

Leadership, teamwork, communication, pressure management, solution-finding, these soft skills which are essential for today's job market, are always the hard-to-teach topics in the schools. Acer continues to build up the best Esports-learning environment by introducing more and more devices and accessories to help Esports learners.

Acer provides not just hardware but also contents, webinars and platforms to support you as teachers. With Acer, you can launch Esports education in your schools safely. Find out more on acerforeducation.acer.com/acer-academy-training-library and planet9.gg.

PARTNERSHIPS & PROGRAMS

OUR PARTNERSHIPS

At Acer for Education, we understand that schools need comprehensive solutions to ensure simplicity, security, and scalability to support any learning experience. That's why we continue building our education partnership ecosystem to help expand learning for everyone.

Acer Channel Partners

Our channel business model allows us to deliver simplicity, efficiency and proximity to our customers through a network of qualified partners ready to fill their needs.

We have two levels of certifications for education: **Acer Education Partner** and **Acer Education Premium**.

Acer Education Partners serve schools and universities filling their technological needs and providing full IT solutions for their specific setting.

Acer Education Premium is a best-in-class partnership dedicated to a limited number of partners with a high level of expertise in education.

Acer Alliance Partners

Through strategic partnerships with some of the world's leading players, Acer for Education supports digital transformation in education and provides innovative solutions to shape the school of tomorrow.

Professional Institutions

Working closely with professional institutions and all stakeholders, from governments to schools and industry partners, Acer for Education brings innovation in teaching and learning.

PROGRAMS FOR SCHOOLS

Acer Innovative School program

Our exclusive program is dedicated to schools that already use Acer devices and have implemented a digital transformation project. The program offers schools several benefits, including a community, best practices sharing, webinar and case studies creation and visibility through social media.

Join Acer's Innovative School Program! 
Contact us at acerforeducation.emea@acer.com

Acer Academy

Acer Academy offers educators tailored training and demos to boost their confidence in using technology. With our webinars, you can obtain Microsoft Innovative Educator and Google Educator Level 1 / Level 2 certifications.

TOOLS FOR TEACHERS

INTEL® SKILLS FOR INNOVATION: FOSTERING FUTURE INNOVATORS

The Intel® Skills for Innovation Initiative (Intel® SFI) and Acer's devices designed for schools have the common mission of shaping education through mindful use of technology.

Intel® SFI empowers decision-makers and educators to create innovative learning experiences through technology inside and outside the classroom.

It is an ambitious and essential journey that starts with understanding how important it is for educators to build the knowledge they need to teach students how to become future innovators.

The Intel® Skills for Innovation framework

The Intel® SFI Framework provides a 4-step path - Plan, Experience, Train and Deploy - designed to help students become innovators.

Plan

The post-pandemic world asks for new skill requirements. Intel® SFI helps educators rethink the role of technology in their field to foster skill-building and find common ground for stakeholders to create an action plan.

Experience

Intel® Skills for Innovation invites educators to experience the potential of technology used for skill-building in the actual learning environment to identify best practices for larger-scale adoption.

Train

To train students at best, teachers must be trained first. Intel® SFI supports educators in developing they need to help students acquire higher-order skills.

Deploy

Today's education world is globally interconnected, and technology is the key to promoting overall change and improvement. Intel® SFI fosters the diffusion of technology-supported, skills-based learning models across the entire system.

THE ROLE OF INTEL® SKILLS FOR INNOVATION

Today, digitalization is changing the landscape, and professionals must face new challenges requiring different problem-solving and future-ready skills compared to the past. Future job markets will increasingly require higher technical and cognitive skills.

To prepare future generations for the most promising emerging roles in data analytics, science, AI & machine learning, big data, digital marketing, and process automation, all stakeholders in education must be equipped with the right tools to not only adapt to a changing future but also thrive within it. Knowing this, Intel® designed a program of webinars, workshops, and classroom activities to lead educators to become mentors and bring out student's full potential.

SERVICES

EDUCARE

THE SERVICE THAT PROTECTS YOUR FUTURE

A unique set of service offerings that extends the life of technology and maximizes schools' return on their IT investments.

Responsive hotline

- Hotline dedicated to schools¹
- Highly knowledgeable and trained contact centre personnel
- 7 internal and 5 outsourced call centres
- 21 languages covered

Qualified support

- Experienced L2 technicians
- Internal engineering team
- A smooth journey during repairs

Local support

- 8 owned Repair Centres
- 1 Hub and Refurbishment centre
- ISO certified
- Qualified network of +400 Authorized Service Partners
- Recognized across EMEA for superlative post-sales support

On demand services¹

Tailored value-added services offered by our Repair Centers and certified Education Partners, including:

- Classroom deployment
- Configuration
- Spare-parts purchase
