WHY ACER FOR EDUCATION

Our mission is to bring next-generation technologies to schools and universities, enabling educators to create learning environments where students and teachers can connect, collaborate, and engage from anywhere.

1

ECOSYSTEM OF PARTNERS

Close collaboration with our Certified Channel and Alliance partners is critical for addressing the needs of the Education market. We empower our partners with dedicated access to technical support and resources so they can deliver tailored solutions to schools and universities.

Also, with our long-term partnership with the European Schoolnet and the Future Classroom Lab project, we help bring innovation in teaching and learning to schools.

2

PORTFOLIO DESIGNED FOR EDUCATION

Rugged, secure, easy to deploy, and ready to create the most effective educational environment: that's how we design our devices, and that's only the beginning. Our tailored portfolio - from laptops to desktops, from monitors to projectors - covers any learning need and is matched with best-in-class service. With our products, teachers can unlock their students' potential.

3

FUTURE-PROOF SOLUTIONS

We are committed to providing engaging learning practices with future-proof technologies, enabling immersive and inclusive experiences - offering an alternative approach for soft skills development and STEM studies.

5

ECO-FRIENDLY TOUCH

The eco-conscious design of our products reflects the company's commitment to sustainability. We prioritize the use of Post-Consumer Recycled (PCR) plastic in the chassis, along with the adoption of Ocean Bound Plastic in the touchpad and the 100% recyclable packaging, made with minimal and environmental-friendly materials.

4

PREMIUM SERVICES

Acer Care Plus offers a comprehensive set of services that extends the life of devices, enabling schools to maximise the return on their investment.

Acer Smart Financing's monthly subscription-based model eliminates upfront costs for Acer equipment, accessories, software, services, and warranties.

OUR COMMITMENT TO THE ENVIRONMENT

Earthion is Acer's mission to tackle our generation's environmental challenges through innovative and integrated solutions and engineer a better tomorrow. Our devices are designed with sustainable materials to reduce the environmental impact from start to finish. We do care about product design with green innovation, while reducing our carbon footprint by using renewable energy and eco-friendly packaging.

MORE INFO

SAVING THE PLANET ISN'T EASY - BUT TOGETHER - IT'S POSSIBLE.

45%

Less energy use by 2025¹

NET-ZERO

Carbon emission by 2050

100%

Renewable electricity by 2035

1. Compared with the baseline year of 2016

GREEN BY DESIGN
OUR COMMITMENT BEGINS WITH OUR PRODUCTS.

Sustainable Materials

Up to 30% of Post-Consumer Recycled plastics in the chassis - Recycled OceanGlass™ touchpads on selected devices - Printing realised with green chemistry.

Green Packaging

100% recyclable packaging - including recycled EPE and moulded-pulp.

Eco Certifications

Our products come with the most prestigious energy-efficient certifications.

Repairability

Our products are intentionally designed to be easily disassembled, repaired, and upgraded to extend their lifecycle.

DIGITAL SCHOOL

DESIGNED FOR EDUCATION

Acer education solutions are designed to empower and engage students and teachers and allow them to work independently or collaborate seamlessly and securely.

BUILT TO LAST

Military standard certified devices with a spill-resistant keyboard and anchored keys design, and all-day battery life.

VERSATILE

With a convertible design, world-facing camera, active pen and camera shutter, Acer products for education offer superior flexibility.

ECO-MINDED

An environmentally conscious range of devices easy to repair and featuring recycled materials, green packaging and carrying TCO/EPEAT certification.

VALUABLE

Cost-effective products coming with Acer Classroom Manager and designed for modern deployment.

WINDOWS CLASSROOM

Our devices running Microsoft's education solutions are designed to unlock students' full potential. With tools for easy management and individual student support, teachers can create engaging learning environments.

Time saving tools.

WINDOWS 11 FOR EDUCATION

Unlock the power of creativity
and collaboration.

The most secure, accessible Windows
for learning in the classroom and beyond.

INCLUSIVE BY DESIGN

Each student gets the resources and support
they need to reach their full potential.

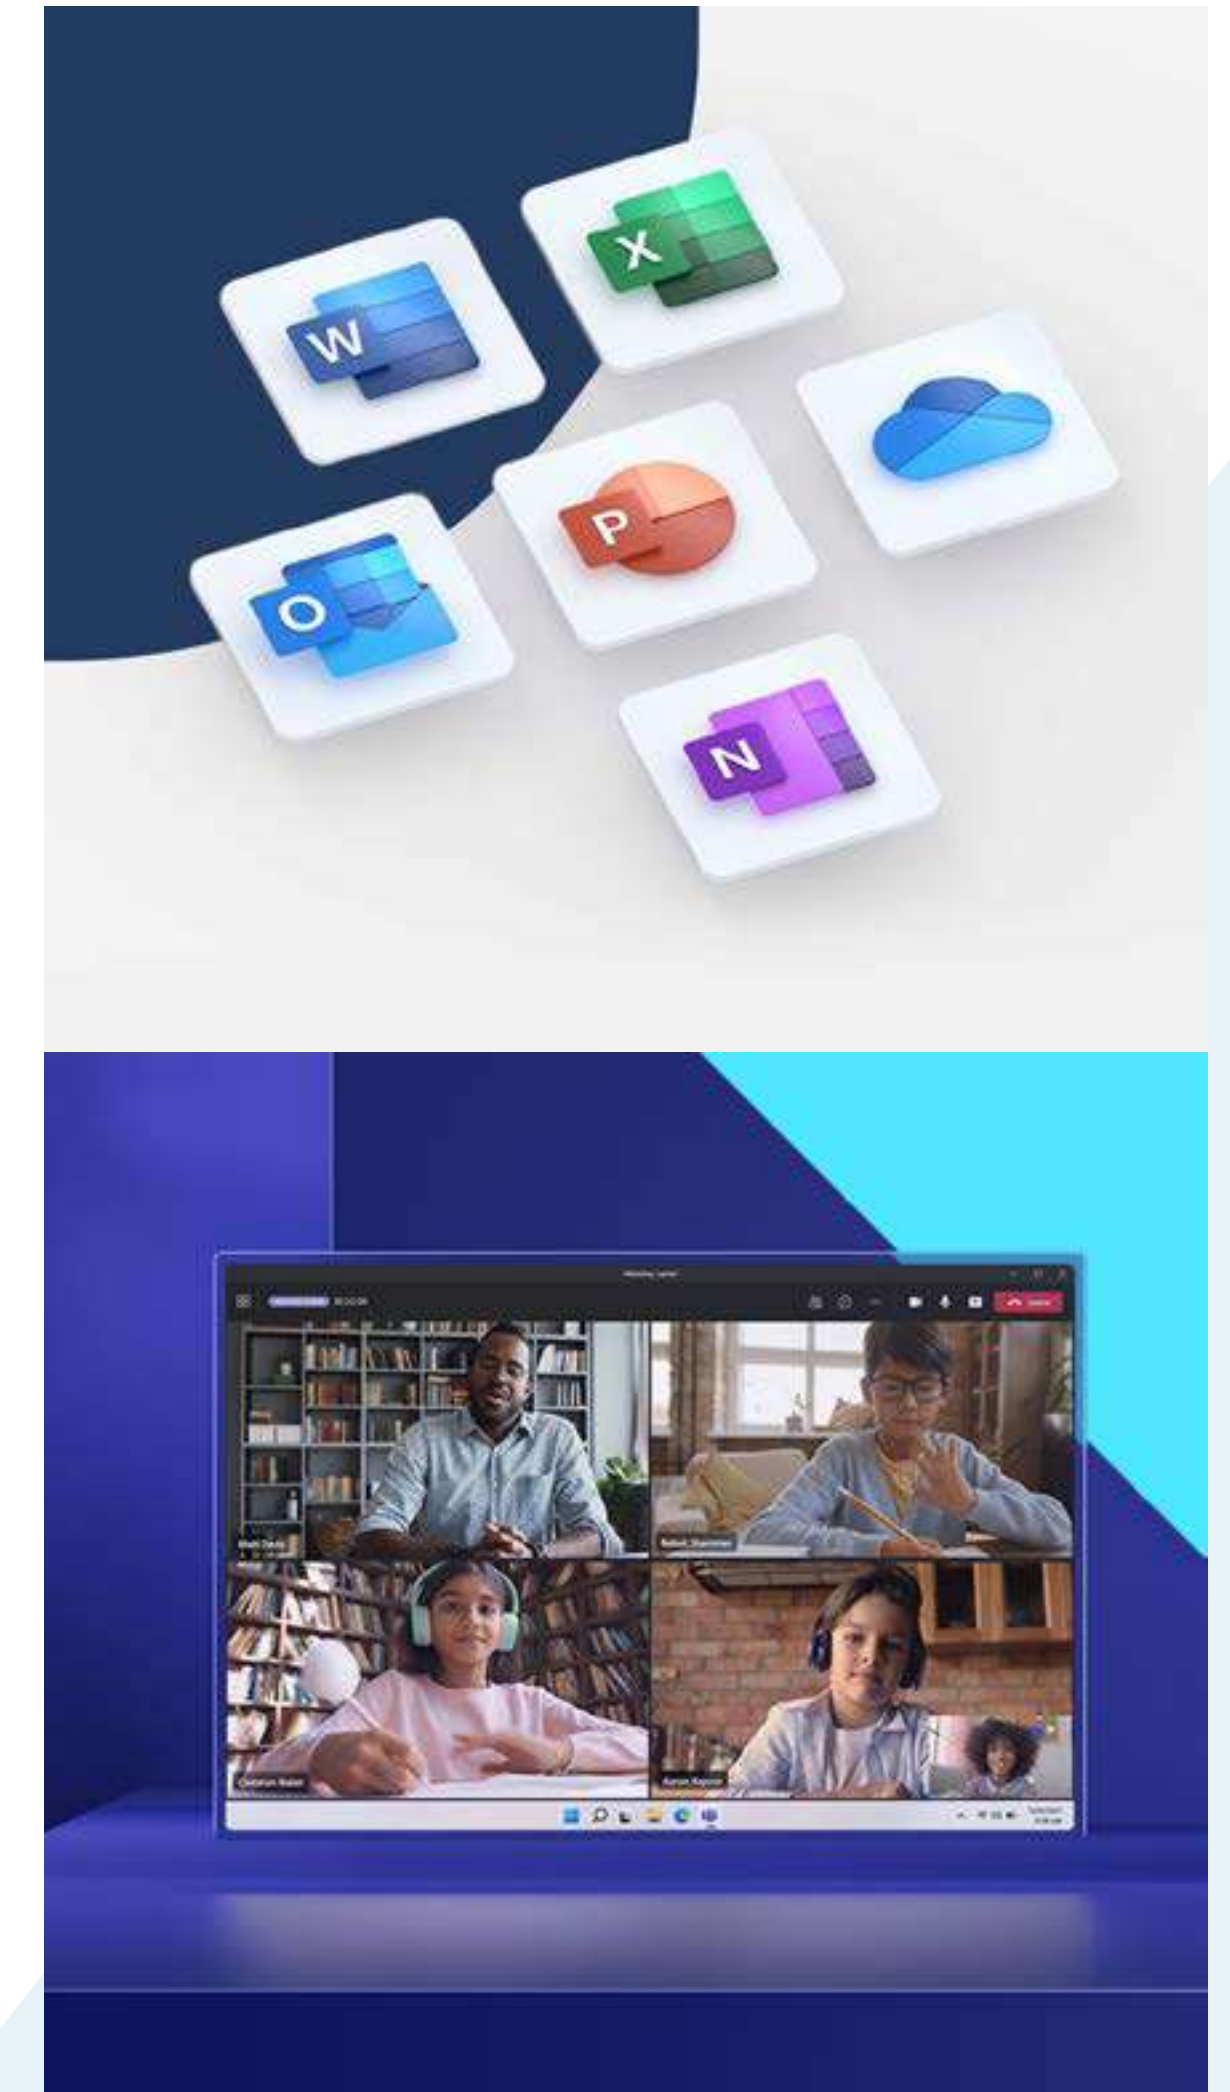

SECURE AND SCALABLE IT

Easily scalable solutions that safeguard students,
teachers, and schools from cyberthreats, no matter
where they are, now and in the future.

MORE VALUE TO ADVANCE LEARNING

Students require knowledge, tools, and skills to succeed
at school, in their career, and beyond. Gain performance
on affordable devices that are built for education.

Time saving tools.

REIMAGINE LEARNING WITH MICROSOFT COPILOT

New devices, such as Acer's latest laptops, which combine Windows 11 Pro Education and Copilot in Windows, help deliver personalised learning, give educators more time, make the most of resources, and protect sensitive data.

Copilot is an AI assistant that uses the latest AI models, such as GPT-4 and DALL-E 3, to spark creativity and enhance lesson planning and student engagement.

Unlock new education outcomes

AI brings new opportunities and can help solve challenges. With Windows 11 Pro Education devices and Copilot in Windows, educators and schools can embrace a new era of education.

Accelerate learning

Copilot makes it easier to create tailored learning materials, helping learners easily catch up, keep up, and get ahead with engaging and inclusive AI-powered experiences and freeing up valuable time for more teacher-to-student interactions.

Prepare students for the future

By leveraging Copilot's capabilities, educators can support students in building foundational and future-ready skills, including AI literacy, so that they can thrive in a rapidly changing work landscape.

Improve efficiency

Copilot in Windows can help educators, administrators, and IT staff unleash productivity, solve problems faster, catch up, and improve team communication. Plus, it can help them discover fresh insights, create in new ways, and save valuable time.

Simplify and secure IT

IT teams can provide secure learning environments with Microsoft Copilot for Security and automated workflows that automatically detect malicious and suspicious content, improving the efficiency of security operations.

Time saving tools.

LEARNING ACCELERATORS

Personalised learning is becoming increasingly relevant in today's schools to address students' diverse needs. Learning Accelerators allow educators to deliver tailored learning and targeted coaching in a secure and inclusive environment.

What's more, all these tools are built into Microsoft 365 Education and seamlessly integrated into Microsoft Teams for Education.

TWO TYPES OF LEARNING ACCELERATORS

Coach tools

provide real-time coaching and support for individual and self-directed learning.

Progress tools

offer teacher-first solutions for personalising assignments, managing feedback, and tracking students' progress through actionable insights.

MICROSOFT LEARNING ACCELERATORS - 5 TOOLS YOU NEED TO TRY

Let's take a closer look at Learning Accelerators and how they can help students.

Reading Coach (and Reading Progress)

Reading Coach helps students practice reading with live guidance on pronunciation, syllabification, reading speed, and vocabulary recall. Students with learning differences and difficulties can develop their reading fluency thanks to individualised tutoring. Reading Progress streamlines the reading assignment creation, review, and analysis process – freeing up more teaching time for active instruction.

Reflect

Microsoft Reflect helps students identify and express their emotions safely and in a fun way. Thanks to the Feelings Monster, they will find the right words to describe their feelings, and teachers can provide active support when needed.

Speaker Coach

Presentation and public speaking skills are essential for today's students – both in the classroom and for their future careers. Through real-time coaching, Speaker Coach helps evaluate students' public speaking performance and provides personalised feedback on areas such as filler words, repetition, and reading from the screen without the stress of a real audience.

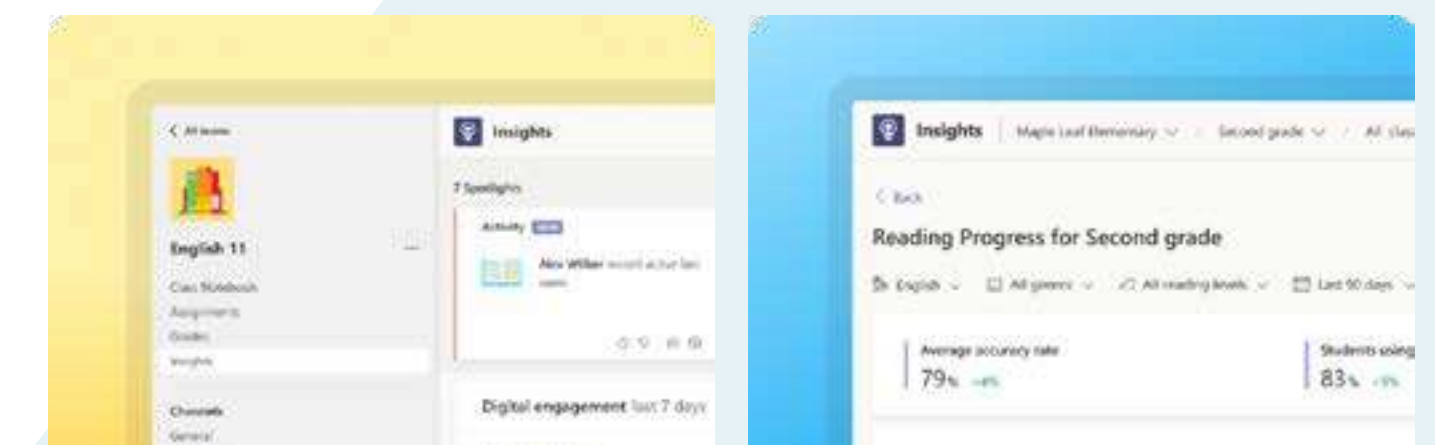

Search Coach

In the Internet era, students must identify trusted resources and learn to think critically. Search Coach is an easy-to-use tab app that helps students form effective searches and identify reliable sources by showing patterns and guiding them away from unreliable information.

Education Insights

Education Insights collects data and provides insights on individual students, classrooms, or even entire schools. Thanks to this powerful tool, teachers can see trends, adjust their strategies to improve teaching, keep track of progress and assignment turn-in, and much more. As for school leaders, they get to see the bigger picture to make effective decisions school-wide.

Time saving tools.

OUR PORTFOLIO

Empowering learning and fostering creativity

Focusing on durability, eco-friendliness, and compatibility with modern learning tools, Acer's notebook portfolio meets the diverse needs of students, teachers, and administrators and enables schools to create engaging and inclusive digital classrooms that prepare students for the future.

EFFICIENT LEARNING, TOUGH DESIGN

Maximize learning with the TravelMate B3 11 featuring Intel® performance for tackling schoolwork faster and useful alerts for healthy usage. With military-grade durability, a fully serviceable keyboard, AI-enhanced clarity, reliable Wi-Fi 7, and a modular design for easy repairs, this laptop delivers the best learning experiences.

TravelMate B3 Spin 11

A SENSE FOR DYNAMIC LEARNING

Designed for dynamic learning, the TravelMate B3 Spin 11 enables students to explore new possibilities. Combining a Full HD touch display, an HD webcam with a shutter for privacy, and a dockable Wacom AES stylus (optional), this 11.6" device helps students go further and enjoy more interactive learning.

TravelMate B5 14

A BIGGER VIEW FOR LEARNING

The TravelMate B5 14 is high-performing, low-power consuming and ultra-durable, a winning combination for the classroom. The 14-inch display affords comfortable viewing, while Acer PurifiedVoice™ and temporal noise-reducing camera ensure clear video calls for online learning. Too engrossed in your studies to take a break? Break Reminder will encourage you to pause, while Screen Distance Reminder will alert you if you are too close to the screen.

TravelMate P2

A RELIABLE STUDY COMPANION

Built to adapt to and excel in new learning styles, the TravelMate P2 series offers a combination of enhanced processing power, portability and durability and makes an excellent choice as a study companion. Whether crunching numbers or working on multimedia content, the TravelMate P2 14-inch high-resolution display delivers unmatched clarity and precision.

NEW

TravelMate B3 Spin 12

A VERSATILE LEARNING TOOL

The TravelMate B3 Spin 12 ensures comfort for reading and writing with the 12-inch screen, and a more pleasant viewing experience thanks to the optional TÜV Rheinland-certified low blue-light emission display. School projects become more engaging with the touchscreen, a garaged stylus for natural notetaking, shading, and painting, plus a high-quality world-facing camera. Built for durability, it offers Wi-Fi 7 and a modular design for easy maintenance and alerts for healthy usage.

BUILT FOR LEARNING

With Acer Chromebooks, educators can deepen classroom connections and foster more meaningful learning experiences.

[Collaborate]

LEARN FROM ANYWHERE

Students can access their apps, settings, and more from any device.

Prepare students for the future with collaborative projects that sharpen digital skills.

Discover and share new apps using the Chromebook App Hub.

[Flexible]

ACCESSIBLE FOR ALL LEARNERS

Centrally manage hundreds of thousands of devices from the Admin Console.

Versatile form factors to suit different budgets and needs.

Shareable devices can be used across multiple classrooms and students.

[Easy to use]

DEPLOY AND MANAGE SIMPLY

Easy to distribute 1 or 100 devices using the Chrome partner ecosystem.

Simple to manage thousands of devices and set 200+ policies and commands.

Add users, devices, printers, and internet from central Google Admin Console.

[Secure]

GET THE LATEST SECURITY UPDATES

Background updates install the latest security and features every 6 weeks.

Two versions of ChromeOS on every device.

Sandboxing of identities, user profiles, and OS itself.

Layers of data encryption and verified security checks on boot up.

EASY TO USE, AND EASY ON THE PLANET

Acer Chromebooks are made for students and teachers who make an all-around effort to be more sustainable every day.

Their durable design and components help them last longer, minimizing resource consumption and e-waste.

Enhanced efficiency, less energy usage and more digital well-being.

Environmentally friendly options provided by cloud-based productivity tools.

Educate and enable sustainable practices by choosing eco-friendly resources.

Elevate flexibility with Google Classroom, Meet, Docs, Forms, Sheets and Slides.

AI SOLUTIONS BUILT FOR EDUCATION

In education, AI can be used to do helpful things like make learning experiences more personal, provide immediate feedback, improve accessibility, enhance digital security, give educators precious time back and so much more.

When using Google Workspace for Education and Chromebooks, organizations have control over their data and assurance that it will never be used to train models outside of their domain without permission.

ELEVATING THE EDUCATOR

AI can help give educators time back to invest in themselves and their students, while supercharging their creativity and productivity.

More interactivity

Interactive questions for YouTube videos in Classroom will help deliver engaging video lessons with automatically suggested questions that guide deeper learning.

More productivity

Duet AI is a powerful collaboration partner that can also provide creative inspiration – from helping with presentations to writing emails to generating slide images.

More security

With AI-powered detection and remediation, **Google Workspace for Education** blocks over 99.9% of spam, phishing attempts, and malware. With features like Verified Boot to block threats, there have been no reported ransomware attacks ever on any **ChromeOS** device.

MAKING LEARNING MORE PERSONAL FOR STUDENTS

AI can help meet students where they are, with adaptive tools that help them expand their knowledge and deepen their understanding of the world.

More supportive

Practice sets in Google Classroom enable educators to automatically provide their students with real-time feedback and helpful in-the-moment hints if they get stuck.

More accessible

AI built into **Chromebooks** provides advanced text-to-speech, dictation, and live and closed captions. **Google Meet** uses AI for automatic transcription, noise cancellation, and captions.

More adaptive

The Read Along integration with Classroom uses advanced text-to-speech and the power of your voice to help build reading skills at a personal pace.

HELP EVERY STUDENT THRIVE

Accessibility

Google for Education offers built-in accessibility tools that can help all students learn and access information in their own unique way.

MAKE ACCESSIBILITY EASY

Help all students achieve their full potential by supporting diverse learning needs in your classroom. Allow students to be successful anywhere with intuitive accessibility settings that follow them on any device.

ENRICH LEARNING FOR ALL

Personalize learning experiences and connect individually with each student. By broadening the learning environment, you can enable all students to effortlessly collaborate and participate fully in classroom activities.

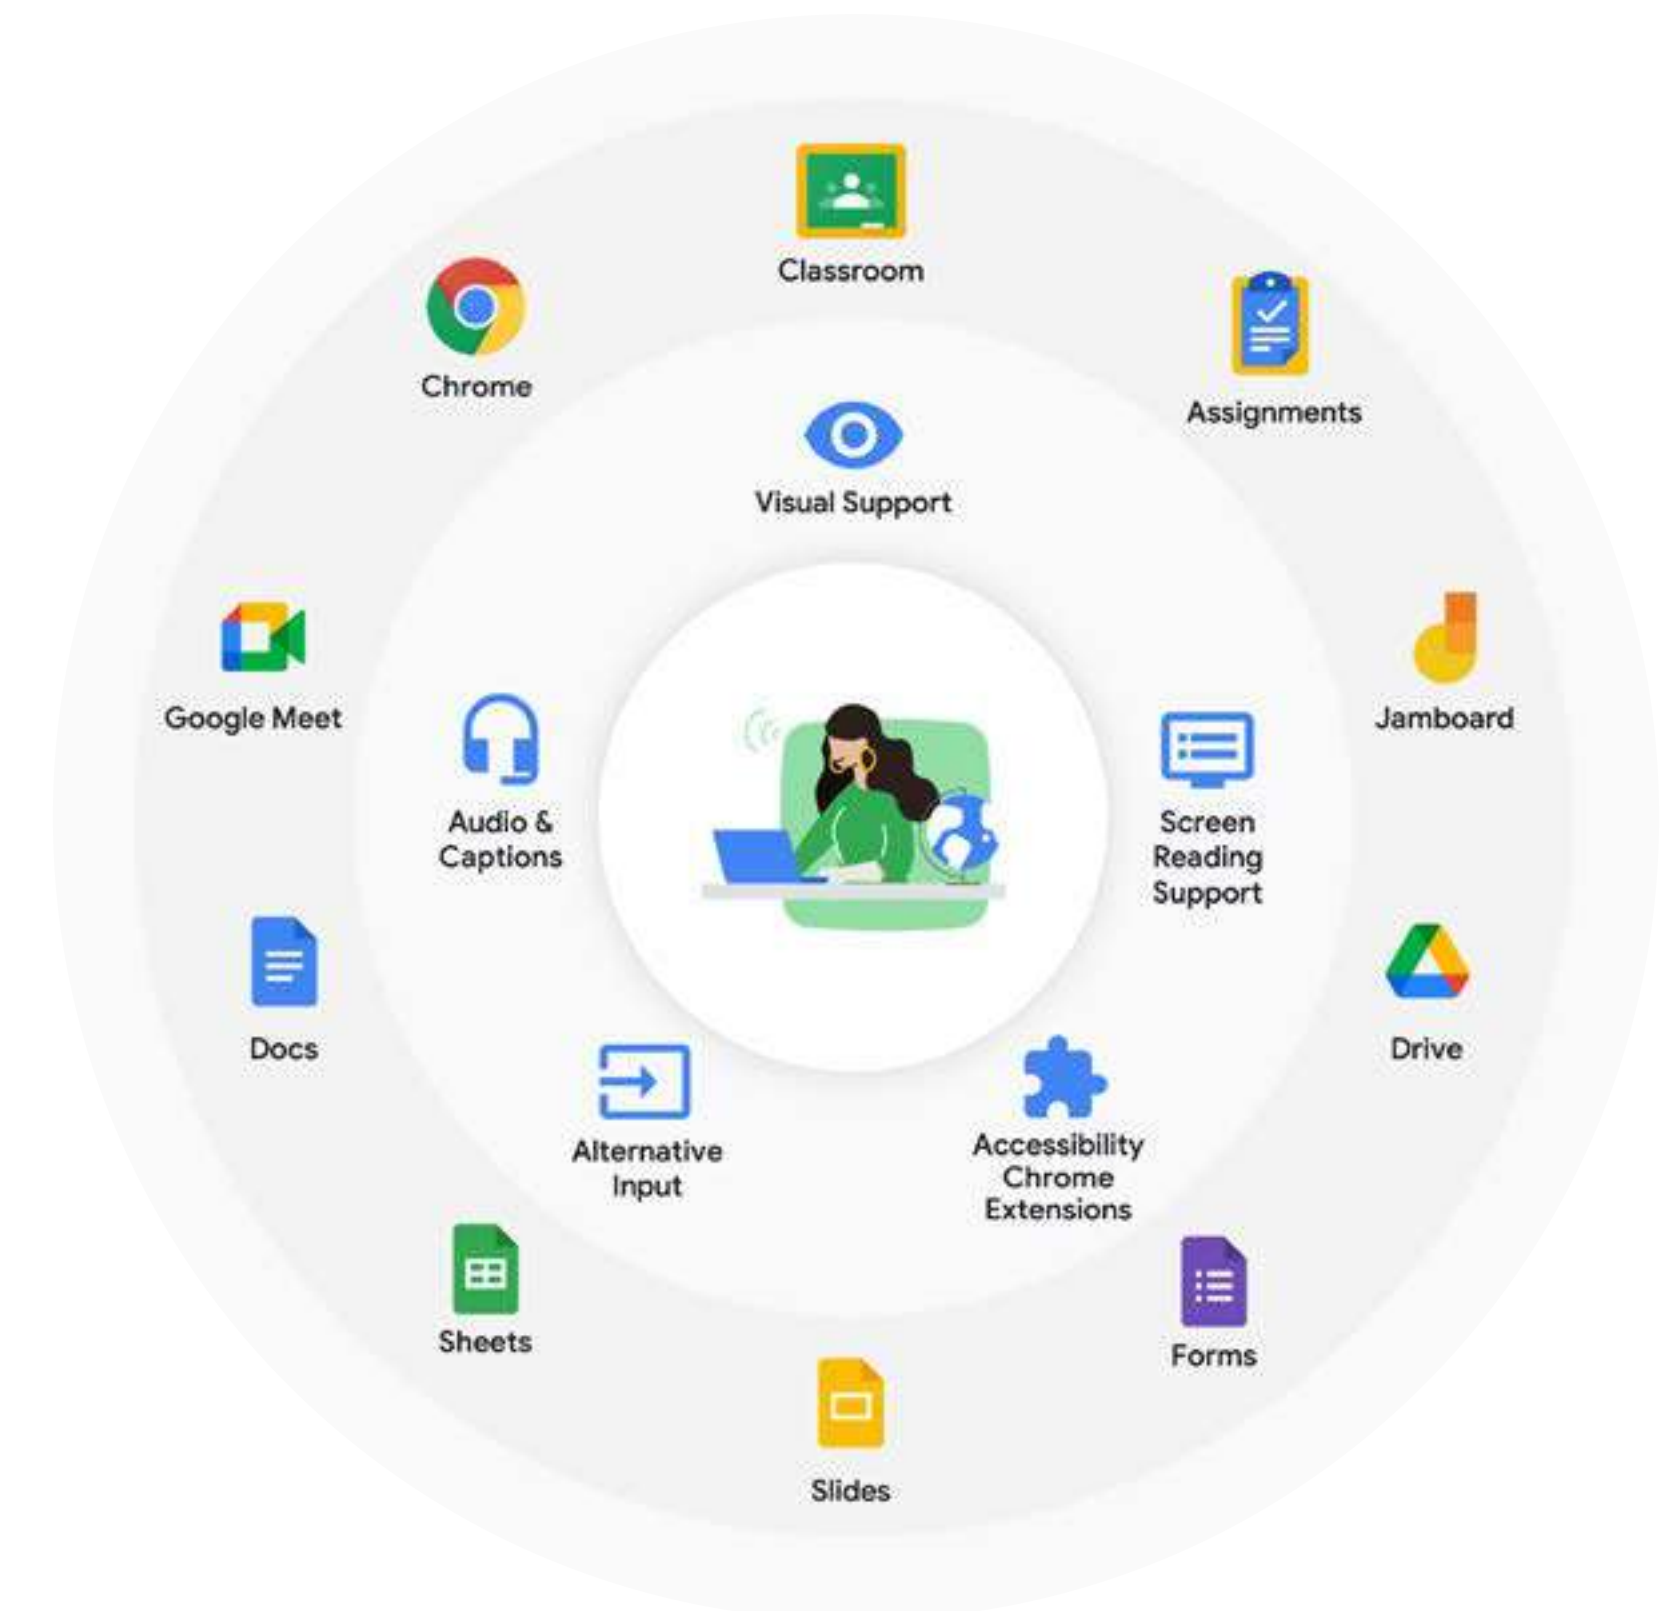

CELEBRATE DIVERSITY WITH INCLUSIVITY

Empower each student with access to their own accessibility settings, helping to create a customized learning environment that complements their strengths and minimizes their challenges.

EXPLORING GOOGLE FOR EDUCATION SOLUTIONS

Google for Education products come with accessibility built in, giving you powerful tools at your fingertips across a wide range of products.

CHROME EDUCATION UPGRADE

Unlock the capabilities of ChromeOS

Chrome Education Upgrade empowers IT to create educational environments with enhanced management, security, and support capabilities where teachers and learners can thrive.

POWERFUL ACCESS CONTROL

Put admins in control of what users can access - from any device.

SIMPLIFIED DEPLOYMENT

Manage, lock down, and secure devices, all from the cloud-based Google Admin console.

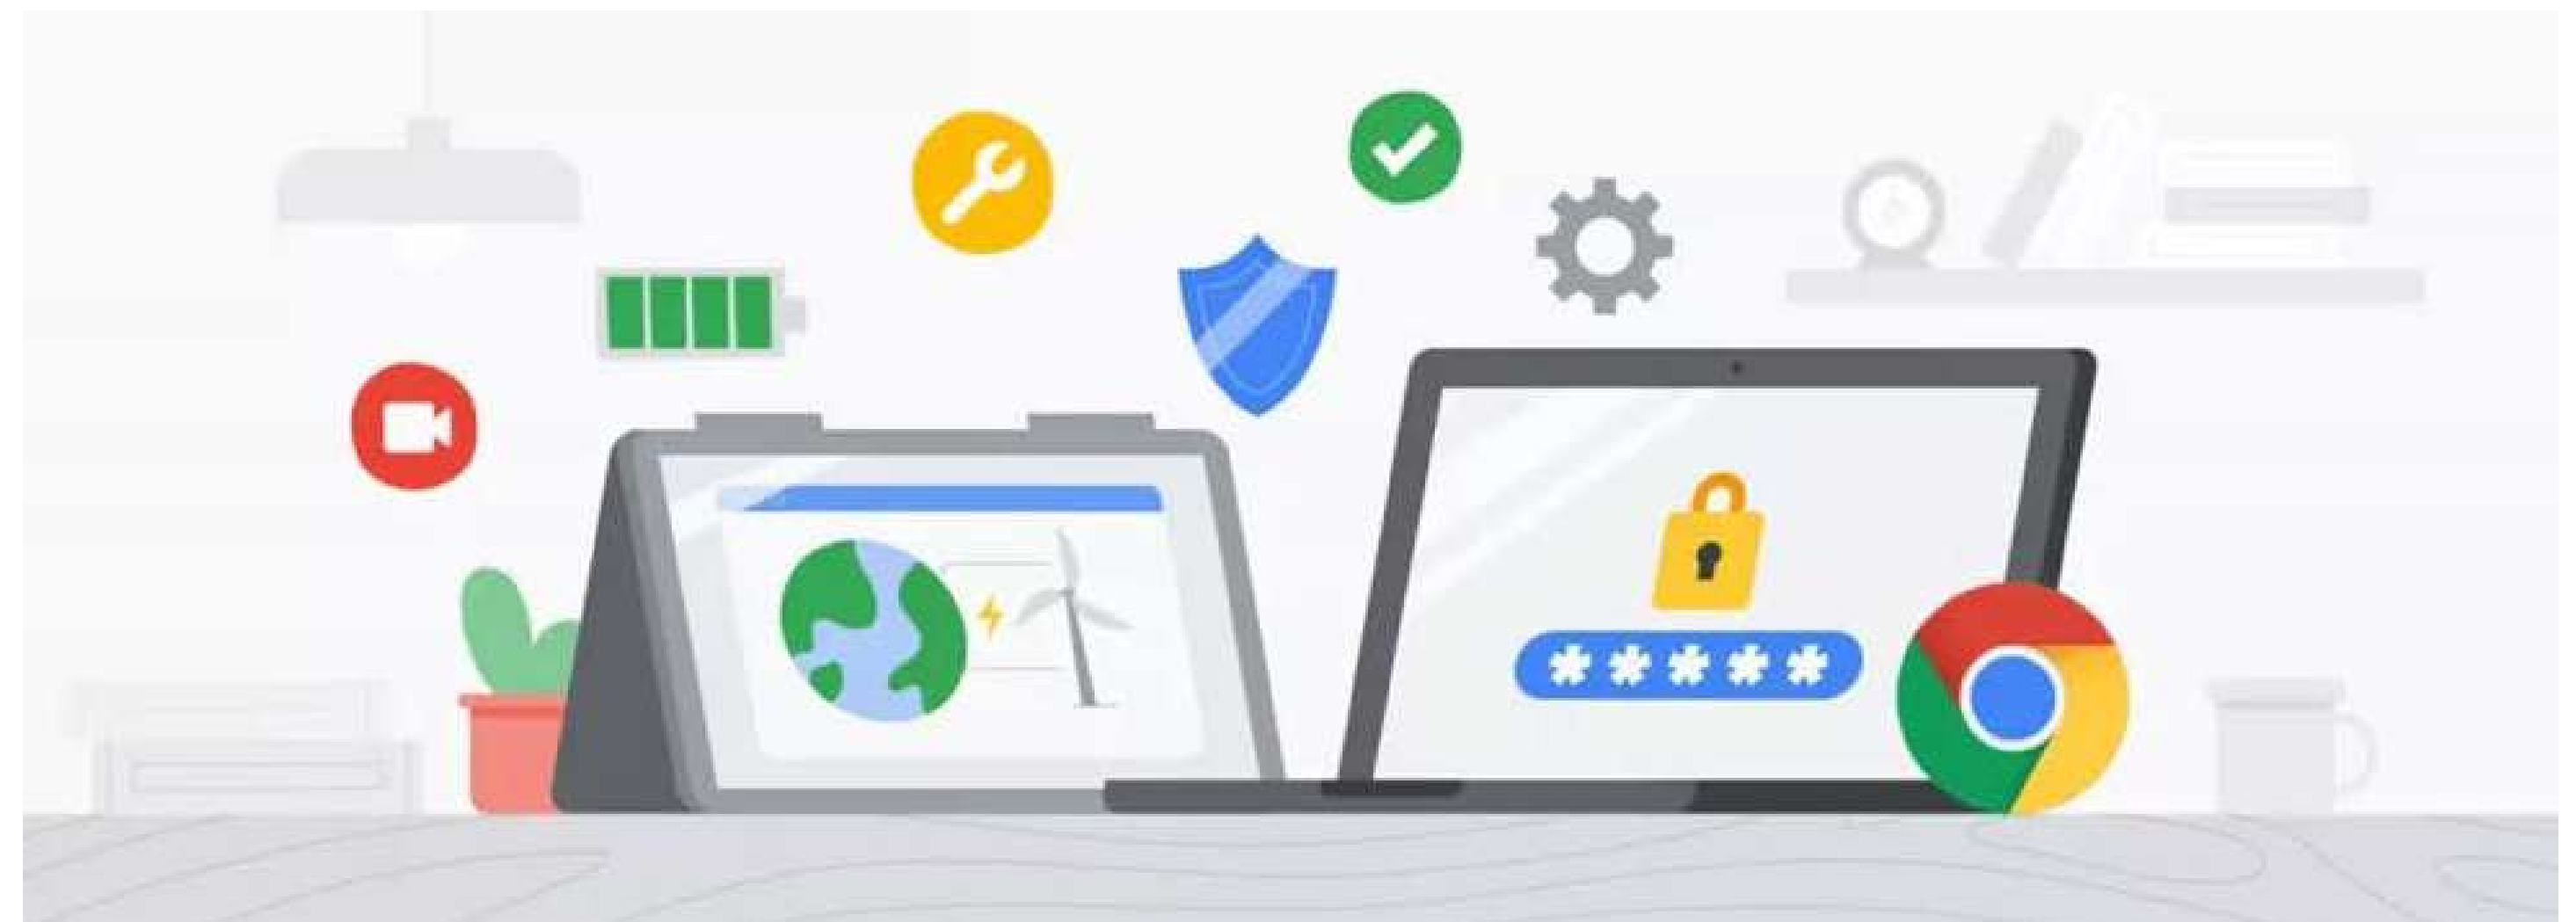

ADVANCED SECURITY

Ensure every device is secure whether they're owned by a student or the school and connect private devices to your network.

24/7 IT ADMIN SUPPORT AT NO ADDITIONAL COST

Take advantage of ChromeOS troubleshooting assistance. Call Google at any time if an issue comes up at no additional cost.

ZERO-TOUCH ENROLLMENT

With zero-touch enrollment, ChromeOS devices will automatically enroll into a school's domain as soon as the end-user connects to the internet.

REALLY READY OUT OF THE BOX

Once an end-user receives the device, all they need to do is get online, log in, and they're ready to go.

NO NEED FOR MANUAL CONFIGURATION

Zero-touch enrollment ensures that ChromeOS devices are registered to enroll automatically once in the hand of end-users. This eliminates manual device enrollment by the IT department or end-users.

BUILT WITH SECURITY IN MIND

Hardware-backed attestation secures each device's identity and prevents attackers from spoofing devices.

OUR PORTFOLIO

Bringing innovative technology to the classroom

Acer Chromebooks are tailored to meet the unique challenges of education, providing students and educators with tools that enhance collaboration, creativity, and productivity.

With their blend of durability, performance, and educational tools, they support students and teachers in fulfilling their potential.

Acer SpatialLabs™ View Pro 27"

REDEFINING 3D VISUALIZATION

The Acer SpatialLabs View Pro 27 helps to turn your ideas into vivid 3D worlds, glasses-free. Tailored for creators and developers, this innovative monitor combines advanced stereoscopic 3D technology with powerful performance and a sleek design, pushing the boundaries of creativity and innovation.

A photograph of a computer lab with several students. In the foreground, a young woman with a pink shirt is sitting at a desk, typing on a keyboard. A young woman with a white shirt and a long braid is leaning over her shoulder, looking at the computer screen. In the background, other students are working at their desks. There are water bottles on the desks and computer monitors. The scene is brightly lit and appears to be a modern educational environment.

COMPUTER LAB

Offering devices with more computing power and bigger screens, computer labs are spaces where students can take learning into their own hands and make something original from their own knowledge and expertise.

OUR PORTFOLIO

Creating engaging learning environments

Acer's desktops and monitors are designed to create engaging, inclusive, and effective learning environments, empowering students and educators with technology that inspires innovation and collaboration. With desktops designed to perform and monitors combining advanced features with ergonomic design, our portfolio provides students and educators with the tools they need to excel.

Altos P Workstation series

EMPOWERING LEARNING WITH ADVANCED COMPUTING

Equipped with 14th Generation Intel® Core™ Processors, the Altos P Workstation series is designed to meet demanding educational needs by providing powerful and reliable computing solutions. Whether for complex simulations, data analysis, or multimedia projects, these workstations can easily handle heavy workloads.

Veriton 4000 Compact Tower

FULL POWER IN A SPACE-SAVING DESIGN

This space-saving desktop offers increased reliability, easy manageability and a longer lifespan thanks to its expandability options. The perfect addition to any school lab, the Veriton 4000 Compact tower delivers the performance students need to tackle demanding tasks.

Veriton 4000 Mid Tower

ACCELERATED PERFORMANCE FOR CHALLENGING TASKS

The Veriton 4000 Mid Tower brings to the lab the performance students need to explore new ideas. Advanced graphics and processing power enable handling demanding tasks, such as running complex simulations, managing large datasets, or supporting multimedia projects, with ease. IT admins will appreciate this machine's easy manageability, security, and expandability.

Veriton Vero Mini

MAKE YOUR GREEN MARK

Packing a 14th Gen Intel® Core™ Processor and up to 64GB of DDR4 memory in a tiny chassis made from recycled plastics, the Veriton Vero Mini PC provides optimized performance while being eco-minded. You can attach it to the back of a monitor for an uncluttered and minimalist space. Security and manageability features and plenty of connectivity options make this desktop a versatile solution for any school.

DESKTOP

Up to Intel® Core™ i5 processor

Veriton 2000 Mini

A GATEWAY TO ENHANCED LEARNING EXPERIENCES

The Veriton 2000 Mini packs all the power of a traditional desktop into a 0.95-litre sleek, space-saving design that effortlessly fits into any educational setting. Support for up to 3 external displays at up to 4K resolution means all the screen space you need for your projects. Powered by the latest Intel® processors, it delivers robust performance for multitasking and driving better learning experiences. It also supports the Press-N-Go feature, which powers on the mini-PC directly by turning on your monitor.

Intel® Core™ Ultra processor

Veriton NUC Series

FULL POWER IN A TINY CASE

Packing outstanding performance in an ultra-small chassis, the Veriton NUC is an excellent addition to any school lab. AI features deliver increased productivity, faster photo editing and image generation, and power-saving capabilities. Dual LAN and Wi-Fi 6 provide stability, security, and efficiency, while simultaneous triple monitor support makes multitasking a breeze.

Up to Intel® Core™ i7 processor

Chromebox CX15

COMPACT & POWERFUL

The Chromebox CX15 offers even more performance and features. With up to a 12th-generation Intel® Core™ i7 Processor, it delivers the performance needed to handle everyday tasks better. It supports up to four displays, and with a VESA mount kit, you can put this Chromebox just about anywhere.

Intel® Celeron® processor

Chromebox Mini

EFFICIENT COMPUTING IN A MINI SIZE

Offering a mix of performance, flexibility, and ease of use, the Acer Chromebox Mini CXM1 is an ideal computing solution for any school. Powered by Intel® Celeron® processors, this device delivers reliable performance for everyday educational tasks, while its compact size allows it to fit seamlessly anywhere.

MONITOR

Vero V7 series

DESIGNED FOR ALL-DAY COMFORT

With a wide range of configurations and models from 21.5" to 28", the Vero V7 series delivers exceptional display quality and ergonomic features, promoting better engagement and ensuring comfort during extended use. Built with sustainability in mind, the Vero V7 also has a green soul.

CB2 series

OUTSTANDING FROM EVERY ANGLE

Designed to display incredible images and colours with HDR-ready capability, THECB2 series monitors let students enjoy a seamless visual experience thanks to their genuinely zero-frame design. The ergonomically designed stand and eye-protecting technologies ensure comfortable use for extended lengths of time.

Vero B7 series

WHERE SUSTAINABILITY MEETS TOP PERFORMANCE

The Vero B7 monitors are a smart, eco-friendly solution designed for fostering engaging learning experiences. Combining stunning visual quality with eye-protecting technologies and flexible adjustments, this series is perfect for extended use.

ALL-IN-ONE

NEW

PD3 series

BROADENING YOUR VIEW

With the Acer PD3 Series, two is better than one. Designed to enhance productivity and efficiency, this monitor combines two screens for an immersive 2150x1080 resolution. With its 315° foldable design and integrated stand, you can adjust the viewing angle to suit your convenience and ergonomic preferences.

PROJECTION TECHNOLOGY

Bringing advanced projection technology into classrooms allows teachers to inspire students and enhance the learning process with activities that develop creative thinking and foster collaboration.

OUR PORTFOLIO

Acer projectors combine brilliant displays, various resolutions, high brightness, and a high contrast ratio to deliver crystal-clear images and vividly detailed text at a short distance.

When it comes to education, Acer projectors are your top choice thanks to mobile/PC USB display, LAN projection, multimedia playback and Crestron network control. With LumiSense intelligent adjustment and Acer BluelightShield, our projectors work with any light and protect against the negative effect of Blue light exposure.

Acer Smart Touch Kit II turns any flat surface into an interactive and collaborative workspace, creating a fun learning environment for students.

Acer Smart Touch Kit II

FOR CLASSROOM

Vero PL & Vero XL series

MAKING LESSONS MORE LIVELY

Eco-friendly and high-performance, the Vero PL and Vero XL projectors will make any lesson more engaging. They project crystal clear, vibrant images even in well-lit classrooms, while the extra-long Laser diode life span ensures virtually maintenance-free operation. They offer versatile installation options, making it easy to set up in any classroom.

S1 series

SHORT-THROW VERSATILITY

Acer S1 projectors offer short-throw versatility, network control and wireless projection, greatly enhancing usability. They are ideal classroom devices because they offer a flexible setup, power management solutions, and up to 10,000 hours of lamp life.

Vero PD series

PROJECTING THE FUTURE

The Acer PD projector series combines high efficiency with an eco-friendly design. These projectors present content with a clearer and sharper edge to bring presentations to life and keep lessons focused. They also come with Bluelight Shield, which mitigates the harmful effects of blue light exposure.

Acer Smart Touch Kit II

A FUN LEARNING ENVIRONMENT

Acer Smart Touch Kit II is a solution that turns any flat surface into a collaborative workspace supporting multi-touch and multi-user interactions. Easy to set up, this solution requires only a projector, a notebook, and a screen to work. It also comes complete with user-friendly interactive whiteboard software for a truly interactive classroom.

ACCESSORIES

Students and teachers alike can take their device to next-level awesome with customized accessories to optimize efficiency and mobility.

PARTNERSHIPS & PROGRAMS

OUR PARTNERSHIPS

At Acer for Education, we understand that schools need comprehensive solutions to ensure simplicity, security, and scalability to support any learning experience.

That's why we continue building our education partnership ecosystem to help expand learning for everyone.

ACER CHANNEL PARTNERS

Our channel business model allows us to deliver simplicity, efficiency and proximity to our customers through a network of qualified partners ready to fill their needs.

We have two levels of certifications for education: **Acer Education Partner** and **Acer Education Premium**.

Acer Education Partners serve schools and universities filling their technological needs and providing full IT solutions for their specific setting.

Acer Education Premium is a best-in-class partnership dedicated to a limited number of partners with a high level of expertise in education.

ACER ALLIANCE PARTNERS

Through strategic partnerships with some of the world's leading players, Acer for Education supports digital transformation in education and provides innovative solutions to shape the school of tomorrow.

PROFESSIONAL INSTITUTIONS

Working closely with professional institutions and all stakeholders, from governments to schools and industry partners, Acer for Education brings innovation in teaching and learning.

PROGRAMS FOR SCHOOLS

Acer Academy

Acer Academy offers educators free tailored training and demos to boost their confidence in using technology.

Our webinars cover a range of themes, including Intel, Microsoft, Google, esports, and whitepapers to learn how to best integrate technology into the teaching.

MORE INFO 

FOSTERING FUTURE INNOVATORS

Discover how Acer and Intel® are empowering educators and students with unique lesson plans designed to engage and inspire learners in science, mathematics, physics, and more.

By registering for the Intel® Skills for Innovation program, teachers can access the Starter Packs and bring innovation to the classroom.

MORE INFO 

THE INTEL® SKILLS FOR INNOVATION FRAMEWORK

The Intel® SFI Framework provides a 4-step path designed to help students become innovators.

Plan

Understand new skill requirements and rethink technology's role in the education system to foster skill building.

Experience

Experience the potential of technology used for skill-building in the actual learning environment to identify best practices.

Learn

Develop educators' competencies to facilitate higher-order skills development in their students.

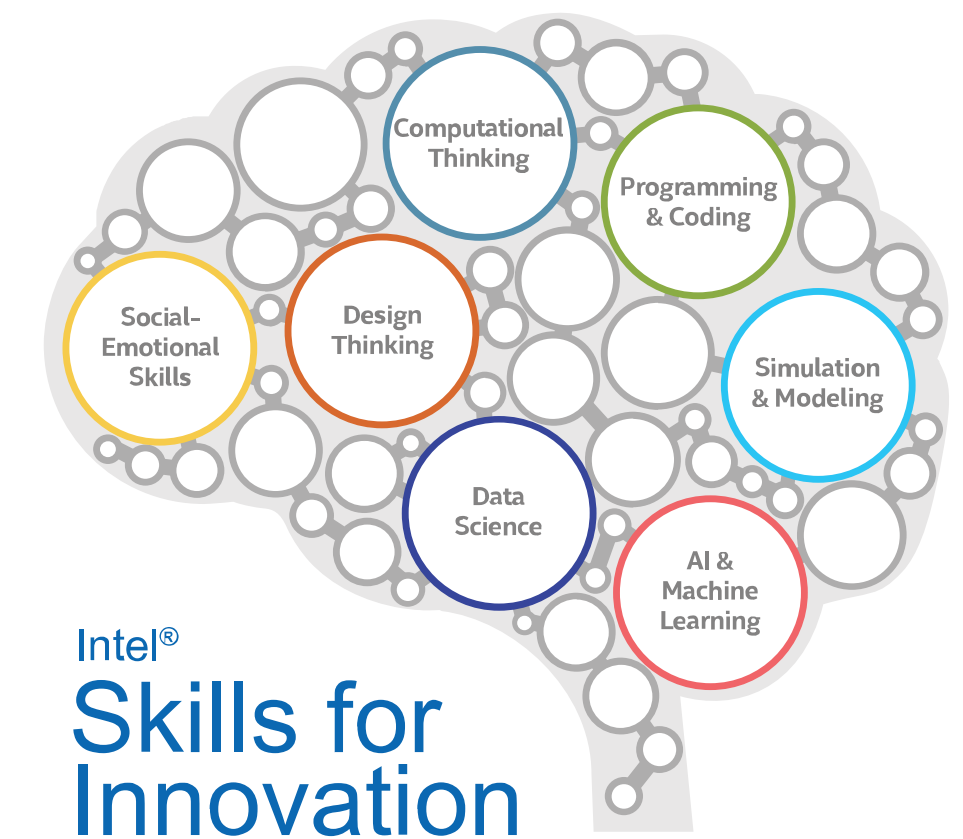

Deploy

Adopt technology-supported, skills-based learning models across the entire system.

THE SFI STARTER PACKS

An expanding set of hands-on activities, the Starter Packs provide ready-to-use, technology-infused learning experiences designed to help learners develop skills they will need in the workplace of the future.

Using hands-on activities based on real-world scenarios, educators can effectively integrate innovation skills supported by digital technologies into their existing curriculum.
